Welcome to Door County

Welcome to your new life in Door County!

The information provided in this packet will assist you in settling into life here. Whether you are starting a new business, making plans for your retirement, investing in a vacation home or moving to enjoy country living, you'll find an unsurpassed quality of life in Door County.

The attraction of Door County residents and visitors alike is the perfect blend of natural beauty, culture and hospitality. The County is comprised of 19 municipalities, bordered by the waters of Green Bay to west and Lake Michigan to the east. With over 300 miles of shoreline, 11 golf courses, 5 State Parks, 19 County Parks and a world class cultural community, it's no wonder that over 2 million people visit Door County each year.

While tourism is the county's primary economic engine, the area offers a variety of employment opportunities. The City of Sturgeon Bay is home to manufacturing, shipbuilding and county government and many service based businesses operate throughout the county.

Five public school districts and four private schools serve Door County. Door County students consistently score above average in state testing. In addition to excellent public and private schools, the Northeast Wisconsin Technical College (NWTC) serves the area. The local campus is located in Sturgeon Bay and classes are available in multiple locations throughout the County and via the internet. The University of Wisconsin Green Bay (UWGB) is located about 40 miles south.

We are pleased to have you join our community and know you will come to love life in the County and enjoy all it has to offer. If we can be of further assistance please call us at (800) 52-RELAX or visit us online at www.DoorCounty.com.

Sincerely,
Jack Money Penny
